

March 28, 1973

CLERK: 29 ayes, 0 nays.

PRESIDENT: The bill is advanced. Brings up the General File consideration of LB 415. Senator Maresh's bill.

CLERK: Read title. LB 415. There are no Committee Amendments or other amendments.

PRESIDENT: The chair recognizes Senator Maresh.

SENATOR MARESH: Mr. President, members of the Legislature, I move that the bill, LB 415, be advanced to E & R Initial. What this does, it allows farm trucks with farm plates to be able to carry camper units. This does not provide for these self-contained big mobile homes but just for the small campers that are placed on the farm trucks. At the present time, many farmers have to buy two sets of plates. One to haul their farm products and one to use for their camper unit. The minimum fee for a commercial plate and a farm license is about the same, but when you go to hauling a big load of grain, you have to buy a bigger...a larger commercial plate and this runs into quite a fee, and I discussed this with Bill Edwards from the Motor Vehicle Department before the hearing and he had no objection, and nobody appeared at the hearing to object to this bill and there is a need for it in Senator Waldron's district. He, also, testified for the bill and in my district, there is people that are affected by this regulation, and I move that this bill be advanced to E & R Initial.

PRESIDENT: Any further discussion of the bill. Senator Keyes, did you wish to be recognized?

SENATOR KEYES: Mr. President, I think this will be a controversial bill if I want to make it so this morning. So, I'd.. just to hold it over.

PRESIDENT: Very good. Objection, so we will pass over LB 415. This brings up the General File consideration of LB 457. Senator Kelly's bill.

CLERK: Read title. LB 457. There are no Committee amendments or other amendments.

PRESIDENT: Very good. The chair recognizes Senator Kelly.

SENATOR KELLY: Mr. Chairman, members of the body, LB 457 takes out of statutes the requirements that Motor Vehicle Inspection Stations have to buy a duplication of their insurance policies at a cost per station of \$50 to \$60 per year. There is no objection from the Motor Vehicles Department. As you will see from the Committee statement, there was a lot of support for it in our Public Works Committee. I'm positive that it is completely noncontroversial. I move that we pass it to E & R Initial.

PRESIDENT: Is there any further discussion of 457. The question is shall LB 457 be advanced from General File to E & R Initial. All those in favor vote aye. All those opposed vote no. Have you all voted? The clerk will record.

CLERK: 25 ayes, 0 nays, 24 not voting.

PRESIDENT: LB 457 is advanced. Move on to the General File consideration of 250. Senator Whitney's bill.

CLERK: Read title. LB 250. There are no Committee Amendments or other amendments pending.

PRESIDENT: The chair recognizes Senator Whitney.

SENATOR WHITNEY: Mr. President, members of the Legislature,
